

Psychologist/Psychological Associate –Northern Ontario

Our client, non-profit agency providing services for children and those with special needs, is looking for Psychologist in Northern Ontario.

As an integral member of a dynamic team of experienced and well-trained professionals, you will be responsible for assessment and intensive behavioural intervention for children with autism. You will also have regular opportunities to collaborate with other registered personnel as well as develop research projects or carry out applied research as part of on-going projects.

Requirements:

Registered or eligible for registration in the province of Ontario

Training and experience in applied behaviour analysis and preferably intensive behavioural intervention (supervision will also be provided if you are interested in expanding your scope of practice)

Superior interpersonal and teamwork skills

Independent work ethic and a willingness to travel throughout the northern region

Proficiency with windows, Microsoft Office, and Outlook is essential

Offer:

Competitive salary

Lucrative group benefits and social benefits

Eligibility for a Grant Assistance Program

Support for relocation (if needed) to Northern Ontario with flexibility around your home base office

New graduates welcome – must have placement experience
