

## **WANTED: Your Ideas for Social Learning Opportunities**

We welcome your ideas for Social Learning Opportunities funded through Autism Ontario's Potential Programme.

### **Who can submit ideas?**

Individuals, families and community service providers can submit ideas for Social Learning Opportunities.

### **How do you make an idea for a Social Learning Opportunity a reality?**

Follow these steps if you have an idea you'd like to submit for a Social Learning Opportunity:

1. Discuss your idea with the Family Support Coordinator or Community Events Coordinator in your region.
2. If your idea fits the criteria for Social Learning Opportunity objectives, then you will be asked to complete a Social Learning Opportunity Idea form. If your idea does not fit the criteria for Social Learning Opportunity objectives, other suggestions may be provided.
3. Completed Social Learning Opportunity Idea forms will be reviewed by a regional Social Learning Opportunity Review Committee. All regional Review Committees will use a standard Rating Scale to determine the strongest ideas for their community. [Click here to view the Social Learning Opportunity Rating Scale](#), which may assist you when completing your Idea form.
4. Prior to approval, the strongest ideas will be reviewed by the Director of Family Support and Programs and the Community Resource Manager at the Provincial Office of Autism Ontario.

Please Note: submitting an idea will not guarantee that your child/family will be accepted to participate in the Social Learning Opportunity.

For reasons of safety and to ensure maximum program benefit for all involved, there will be limitations on the number of participants for each Social Learning Opportunity. Prior to enrollment, some Social Learning Opportunities may also require participants to undergo pre screening for eligibility and/or suitability.

### **Where are the Social Learning Opportunities happening?**

Social Learning Opportunities funded through Autism Ontario's Potential Programme are happening across the province. Depending on the capacity of programs, participation is open to all.
