

THANK YOU TO OUR TOURNAMENT SPONSOR

September 2019

Dear Friend of Autism Ontario Kids (AOK) Camp

Thank you so much for your part in making our 8th Annual Charity Golf Classic a resounding success! This year, you helped us raise over **\$36,100**.

On September 19th, we came together at the spectacular Cedar Brae Golf Club to raise funds for Autism Ontario Kids (AOK) Camp and Youth/Adult Summer Programs. The weather was perfect, the golf course was exceptional, the food was outstanding ... and there was a feeling of camaraderie because we all had one shared goal – to make a difference for campers affected by autism.

Through your generous support we can continue operating our specialized summer camp program while offering fee subsidies to families who incur considerable everyday expenses raising a child with special needs.

Autism Spectrum Disorder (ASD) is a life-long neurological disorder that affects behaviour, social interactions, and one's ability to communicate. Autism is one of the most common developmental disabilities with 1 in 66 children in Canada being diagnosed with ASD today.

Please see our Tournament Program [\(here\)](#) for a list of 2019 supporters.

Please visit our Facebook page [\(here\)](#) to view camp pictures and tournament photos.

Over the past eight years, supporters such as yourself have helped us raise a total of \$181,000. Thank you from our Co-Chairs
